MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be same in color alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Mo., I suffered tortures with running sores Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5 Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

KEROSENE LAMPS.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light of some sort, is a universal necessity; a safe cheap, and brilliant one is a luxury; a luxury too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of study and thousands of dollars annually have been spent by experimenters of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the expense and trouble o chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to be seen to be appreciated; thousand of them will find ready sale in every county, no family that uses this light for one evening will again be annoyed with the chimney-lamps. Thousands of them will be used in cities, as this light is one-half cheaper than Coal Oil, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire state or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and Burners at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation during the day and evening at the Yarbrough House.

All letters will receive prompt attention and full explanation of the Lamp given.

REMARKS OF

J. W. GRAHAM, OF ORANGE,

Delivered in the Senate, on the bill to be entitled "an act to repeal certain acts passed at the session of 1868 '69, making appropriations to Railroad Companies.

MR. PRESIDENT:—This bill was introduced by myself the first week of the session in November, and I have tried, repeatedly, to bring the matter before the Senate. It has been twice referred to the Judiciary Committee, and returned with unfavorable reports. Some of its provisions have been incorporated in other bills, which have passed this body, and its adoption at this time, may be deemed, by some, to be unnecessary. The resolution, appointing a Committee of investigation into the affairs of the Western N. C. R. R., introduced at the first of the session, was rejected. If that resolution had passed at once, and the policy declared in this bill been adopted, I believe it would have saved thousands of dollars to the State. We have been passing half way measures, and coming slowly up to the stand required of us by the people. This measure goes to the root of the evil, and unless it is carried through, in my opinion, our whole legislation on this subject is in vain. Unless the special tax bonds are declared unconstitutional, or we have the power to repeal the acts authorizing them, what right have we to require the bonds in the hands of the President or other officers of the corporations to be returned to the Treasury, or to pass a resolution instructing the Treasurer not to pay interest on the outstanding bonds? Cannot the Railroad officials point to the contract still standing on your statute book, and will not the Treasurer be compelled by mandamus to pay the interest? I am afraid that some Senators who spoke of the repeal of these acts as repudiation, at the first of the session, will not now even support the 4th and 5th sections, which provide for refunding the amount received by the State, from the sale of the bonds, and devote the special taxes on hand to this purpose.

Before discussing the question of our right to repeal, let us glance at the public debt of the State, for the purpose of showing the absolute necessity of so doing, if we have the power. No bankrupt has ever found it a pleasant task to file a schedule of outstanding obligations in the hands of his creditors, but let us look the situation fully in the face, and make an honest *expose*, however melancholy it may be to contemplate it.

As the Treasurer recommends that we raise sufficient revenue "to begin payment of interest regularly on the 1st day of January, 1871," I will calculate and add the interest up to and including the 1st day of October, 1870.

I quote from the Governor's message; "the amount of the State debt on the 1st day of October, 1869, is as follows:

Ante war bonds,	$8,378,200
Post war bonds, not special tax,	8,836,845
	$17,215,045
The post war bonds are such as have been issued since the rebellion, under funding acts, on such as were authorized by law before the rebellion. This debt is known as the "old debt." As we passed a resolution at the last session repudiating the Penitentiary bonds, which, for some reason, failed to be published, I will deduct them from the amount above stated leaving	$17,115,045
Interest up to and including Oct. 1st, 1870,	2,065,804
	$19,180,849

The Treasurer states this amount of interest, which the State will have no means of paying in cash. It should, therefore, be added to the principal. The Governor says "I regret to state that the Treasurer has been unable to meet the interest on the old bonds. It will be necessary to fund the interest due on these bonds, and it is for the General Assembly to decide for what time the interest shall be funded." I suppose that as the Senate has laid the Treasurer's funding bill on the table, they think the day of judgment would be an appropriate time.

The Governor also says, "the fact that the State has made an effort to pay this interest and failed, certainly proves a disposition to pay." I think it certainly shows the same disposition that any reckless spendthrift would exhibit, by borrowing the money from some one else to pay the interest on his obligations, and going on at the same time to increase his indebtedness.

Let us add the appropriations made by the Convention, not included in the above, although the bonds are not yet issued.

Western R. R. Co.,	500,000
N. W. N. C. R. R. Co.,	300,000
W. & T. R. R. Co.,	150,000
Add debt stated above,	19,180,849
	$20,130,849
Add W. C. & R. R. R. bonds, State liable as endorser,	1,000,000
	$21,130,849
Internal Improvement bonds issued during the war under acts ratified prior to May 20, 1861.	
Western R. R. Co.,	200,000
W. N. C. R. R. Co.,	220 000
W. C. & R. R. Co.,	493 000
Chatham R. R. Co.,	213,000
Interest on same to and including Oct. 1st, 1870	315,870
	$22,574,719

This may be stated as our old debt. I will not stop to discuss the constitutionality of the "war bonds," but merely say that the State holds stock in these corporations, or their bonds received in exchange for the bonds of the State. If there is any honesty in contending for the one and repudiating the other, I am unable to see it, especially as we, through our Courts, force individuals to meet their obligations incurred during the war, in all cases where the contract was not in aid of the rebellion.

We now come to the appropriations of this Legislature known as special tax bonds. I give the amount of these appropriations and the interest to Oct. 1st, 1870, although all the bonds have not been issued, but the Companies are entitled to the whole, by merely having the coupons for the first two years in the Treasury, and also to an additional amount of bonds for all coupons so retained.

Add debt above stated,	22 574,719	
	$ 0,317,529	

It is proper to say that I am informed by the Treasurer that $207,720, as interest on special tax bonds, have been paid, that the whole special tax fund will probably amount to $535,000 and all the coupons due before the bonds are issued are retained, and therefore should be deducted from the above statement of $1,583,810 the amount required for payment of interest on these bonds to next October. We have to raise, according to the acts authorizing these bonds, 47 1-12 cents on the $100 of property in the State. This levy is insufficient to pay interest in every case, except the Williamston and Tarboro Railroad Company. So that to keep up our credit we must increase these taxes. The report has just been laid on my desk an additional report from the Auditor, in which he states the whole amount of taxable property, valuation of land $69,990,991, town lots $5 566,253; personal property $45,914,279, total valuation of real and personal property $125 471,623 This includes all the counties of the State except New Hanover. The valuation in this county in 1868 was, land $1,420 781, town property $2,772,652. I do not suppose there was any great difference this last year. So that we may say, in round numbers, the entire property of the State amounts to $130,000,000. The valuation, exclusive of Carteret, in 1868 was, land $68,400,444,29, town property $11,436 961, total valuation in 1868 of real estate $79 837,405.29. Total valuation of 1869 reported by Auditor $79 837,344. Adding New Hanover (estimated $4,193,433) would make $84,750,777—a difference in favor of 1869 of $4 913,372. The Treasurer complains very much of these valuations of 1868-'69 but I think the land is assessed very near "its true value in money." If by taxation you lessen the profits, to that extent you destroy the "true value" of the property. I have seen in the agricultural report of 1867, an estimate from the Bureau of Statistics, that the real estate of North Carolina was worth 60 per cent of its value in 1860. Our land has not increased in value since that time; the tax then for State purposes was 1-10 of one per cent. No farmer through my part of the State makes three per cent on his land. If you take one per cent of his profit, the land is only worth two-thirds of what it was before. If we suppose that the Wilmington, Charlotte & Rutherford Railroad Company do not call upon us to pay the interest upon the bonds, which we have endorsed for them, one per cent upon all the taxable property of the State, real and personal is necessary to raise the amount $1,300,000, required to "begin the payment of the interest regularly on the first day of January 1871." The Treasurer says "we must have, not resolutions or propositions, but a vigorous Revenue Act." One of that style is a little more vigorous than this Legislature intend to put through. To pay the interest on the special tax bonds will require about one million every year, and to raise that sum we must increase the taxes levied in these acts, from 47 1-12 to 75 cents on the $100, or three-fourths of one per cent on the entire real and personal property of the State. In addition to these levies, we must provide for the ordinary expenses of our State government. Let us then take up the Auditor's report for the last fiscal year, ending 30th September, 1869. The receipts including retained interest on State bonds, and leaving out the principal of bonds reported as sold to Railroad Companies, are as follows:

Deducting this sum from the receipts, there remained a balance in the hands of the Treasurer, on October 1st, 1869, of $13,481.49, of which only $7,680.20 belonged to the general fund and it required nearly the whole public tax $192 869.91 to pay the Legislature. So that we say that we started the fiscal year ending October 1st, 1870, with our Treasury empty, and in debt to the Educational Fund $158,00, and the Bank $83,126.57; making together $241, 126.57. To meet this debt and carry the government through to the 1st of next October, will require about $1,000,000. I do not see how we can calculate on a smaller amount unless we take away the $100,000, raised under the General Revenue Law for Educational purposes, and which we now owe to that fund, in addition to the $158,000 mentioned above; and discontinue our Penitentiary. As the debt of $241,126.57 has been discharged with the taxes, which have come in since the fiscal year commenced, the Treasury is again and has been for some time empty, and I understand the Treasurer estimates the deficiency by the 1st of April at $300,000. It will take very little less than that sum for general purposes for the next six months after that time; so that here is a deficit of, say $500,000, to be provided for by taxation. It is true that the Treasurer estimates that $630,000 will be sufficient for the whole fiscal year, for general purposes, and to pay $100,000 to the educational fund, but furnishes us no estimate for the Penitentiary. Last year, in speaking of the Treasurer's estimates, I said: "The Treasurer estimates the probable expenses for the fiscal year ending Sept 30th, 1869, will be $375,280. But as $100 000 in addition to the amount derived from the poll tax will be appropriated for common schools, and the General Assembly has already been in session longer than was anticipated, and there is no present prospect of adjournment, and the Public Printing has been extravagantly increased, and no provision yet made for the erection and conduct of a State Prison or Penitentiary; I do not believe that $630,000 will be a sufficiently large estimate." Adding $100,000 to the amount of expenditures above stated, will make $853,067.96, which includes only $91,200.55 applied to the Penitentiary; so that the Treasurer will excuse me, if I take his estimate with some grains of allowance. Our expenses have been steadily increasing since 1865, and one item alone, "contingencies," doubled the estimate last year. I give the following table in proof of my statement:

Formerly we collected enough by taxation before the fiscal year commenced to carry us through, and did not depend upon what we could borrow; and it is rather remarkable that under our former government, on Oct. 1st, 1867 there was $827,372.69 in our Treasury, and on Oct. 1st, 1869, there was nothing in it, and $258,000.00 had been borrowed to get through the year, of which only $16,873 43 had been repaid; so that to get back to our old system, we ought to collect by next October, enough to pay our expenses for the next fiscal year,—I do not think, including $100,000 for schools and $200,000 for Penitentiary, that $1,000,000 will be a high estimate—but will put it at $800,000, although we must recollect that the taxes fall wofully short of our expectations as shown by the Treasurer's last Report.

Let us now recapitulate the various items, for which we must provide and the necessary rate of taxation.

Interest on the old debt,	$1,300,000,	tax of 1 per cent.
Deficiency in special tax interest,	500 000	" " " "
Deficiency in general Fund present year,	500,000	" " " "
Interest on special tax for next year,	1,000 000	" " " "
General fund for next year to Oct. 1st, 1871,	8 0,000	" " " "
	4,100,000	tax of 3 1-6 per ct.

This is the amount that you ought to have in the Treasury by Oct 1870, or short by thereafter, to restore the credit of the State, as some of you pledged you would do in the resolution which you passed the first of this session. To raise the above amount would require a tax of 6 per cent., as, when you levy that sum property would immediately go down one half. But it is mere madness and folly to talk of raising it. If any part should be forborne, is it not the special tax? Our Constitution provides that the interest on our old debt should be promptly met, and that we should erect a Penitentiary, and provide for a system of Public Instruction. Some of you say that we will force a Dividend from the North Carolina Railroad. By the 41st section of the charter, all the profits received by the State as dividends, are solemnly pledged to pay interest on the bonds issued for building that Road, to fail to apply the dividend to this purpose would be base repudiation. The people of North Carolina are not going to submit to such enormous and oppressive taxation.—Emigration from the State is rapidly going on and gloom pervades all our land.

But you say we must not repeal these acts. It is a violation of plighted faith. Was not our faith plighted to others before these acts were passed? The constitution says "to maintain the honor and good faith of the State untarnished; the public debt regularly contracted before and since the rebellion, shall be regarded as inviolable, and never be questioned." Also "the General Assembly shall, by appropriate legislation and adequate taxation, provide for the prompt and regular payment of the interest on the public debt." This was the pledge as to the old debt. The Governor in his first message said to you: "It would be difficult to overstate the value of character to individuals or to States. A State which deliberately says: "This is my seal; the debt is just, but I will not pay it," proclaims that there is no virtue in moral obligation, and sinks at once to the level of savage races whom no treaty or obligation can bind. States flourish and prosper, and are respected in proportion as they adhere to the eternal principles of justice. North Carolina, when fully herself, uninfluenced by the passions of the rebellion, would have felt any stain upon her credit a wound, and would have submitted to any sacrifice avert even the suspicion that her honor could be sullied by any act of her own. North Carolina is again a State, in the full sense, in which she was before she rebelled,—and her obligations and duties are as binding as they formerly were. These obligations and duties cannot be evaded or avoided. The payment of the interest on her debt, as provided for in the constitution, would at once place her credit on a secure footing. A debt ceases to affect credit injuriously when the interest is promptly paid, and when it is seen that an accumulation of valuable property and general prosperity is the result of the indebtedness. The credit of England is equal to that of any country, yet the English debt is the result of the accumulations of ages, and is of enormous magnitude. The secret of the credit of England is the unvarying punctuality with which her interest is paid, and the fact that she is constantly adding to her wealth and power by the use of what she has borrowed. I do not doubt the General Assembly, responding to the general wish of our people, will make prompt and ample provisions for meeting the interest on the State debt."

Why did you not do it? Must you not confess, "we have left undone those which we ought to have done; and we have done those things which we ought not to have done. Like the deaf adder that stoppeth her ear, we would not hearken to the voice of the charmer, charming never so wisely." You would not impose adequate taxation, but thought it very "appropriate legislation," to double the debt and provide for the payment of interest, only on the new part, unless you could borrow somebody's money to pay that on the old. I saw that you were heaping up a debt, which the people could not and would not pay—in vain were protestations and remonstrance. I tried to prevent others from being deceived. In a published statement of the public debt, I endeavored to show that the burden den was then as great as could be borne, and that even taking the estimates of the Governor and Treasurer as to the property of the State, which I considered too high, the levies would be insufficient to raise the interest on the special Tax Bonds. I also said, "I have been told that I should not have made this statement, as it will injure the credit of the State. For that I cannot be held responsible. I have voted for no one of the appropriations, but have promised my constituents, that I would not aid in concealing the truth; and as the people of the State, though poor, are yet as honest as could be expected under the circumstances in which they are placed, I believe they wish notice given that they intend to repudiate this new debt and allege in justification thereof the insanity of their agents." I also urged, "let us retrace our steps before we hear the curses of the fathers, and the cries of the children for bread. If we have any feeling left, repeal all these extravagant appropriations, and bring this long session to a close and go home. But if you will not do this, direct the Treasurer not to issue any more bonds until the subject is submitted to a vote of the people and approved by them." Would to God we had done so then. I met you again this session with the same entreaty, and a request for a committee to find out how much had been stolen; but you ask can we repeal the acts?—The first answer is, necessity compels us. Second, we have reserved the right in our constitution.—Third, the Bonds are unconstitutional. The first I think I have abundantly shown—as to the second, Art. VIII, Sec. 1, provides "corporations may be formed under general laws, but shall not be created by special act, except for municipal purposes, and in cases where, in the judgment of the Legislature, the object cannot be attained under general laws. All general laws and special acts, passed pursuant to this section, may be altered from time to time or *repealed*." But some may say, these companies were originally incorporated prior to the adoption of the constitution, and you impair the obligation of the contract—I cannot see why, if we have the right to repeal a charter granted to a new corporation, we cannot repeal new privileges granted to an old one. We do not propose to repeal the old contracts, and as for the obligation of the new one, we are bound to no more than we agreed to, and are entitled to all the reservations we made either in the act itself, or that were contained in the constitution at the time the contract was made, one of which was to rescind it at pleasure. As to the third point, you say the Governor in his last message says the bonds are constitutional and the Supreme Court have so decided. From this I am compelled to differ, as also from his opinion of our ability to pay. He says, "we are able to pay the interest on the whole of this debt, and those who will come after us will be abundantly able to pay the principal." He also says, "we must go on. We cannot recede. We must pay the interest on our bonds, and thus keeping faith and at the same time putting our bonds at such a figure as they should command. The various Railroad companies can dispose of those they have on hand, realize the money for them, and press their works to completion. The present State debt should not and I believe will not be increased. This is the dictate alike of justice and sound policy—justice to our creditors, and sound policy, because to increase the debt would be to oppress the people. But the debt has been honestly contracted; our bonds have been put on the market; they have been sold, and we have received the money for them, and we are bound in every way that a State can be bound *to pay the debt*. The debt is obligatory under both the old and the new constitution, and it has been sanctioned, and its payment will be sustained as a sacred duty by the Supreme Court of the State.—Under the constitution and under the decision of the Court, which is the highest known to our constitution and laws the whole property of the State is held to meet this debt both new and old. Let us then, meet it like men and North Carolinians.—Let us hear no whisper even of repudiation. Let every citizen of the State resolve that nothing shall be done and nothing omitted which will cast a doubt on our purpose to pay this debt. Compared with many other States we are poor in developed resources and poor in means; but let this comparative poverty be honorable—let us not add to it the crime of dishonesty, and, by destroying our good name with our credit, cut ourselves off from all hope of improving our condition. There is great hope for us in the future; but this hope is based upon our integrity as a people, and on our purpose to meet all our obligations, no matter how heavy the burden may seem for the present. Repudiation would not stop with the State debt. It would extend itself to the national debt, to corporation debts, to individual debts and to private contracts. There would be no confidence between man and man. The credit system would be destroyed. The repudiation of all this would be not only a practical loss to the people of the State of more than the amount of their present debt, but a stigma of reproach and disgrace which would cling for ages to the character of the State." Would that this protest against the increase of the public debt had been written one year before it was. But the debt has not been *honestly* contracted, and we have not received the money for the bonds. Some of the Rail Road Presidents may have done so, but they do not give any account of it. The Supreme Court have decided nothing as to the new debt. They did decide, in the University R. R. case that there was nobody suing, and nothing before them. It is true that each Judge gave an essay on the subject of limitation of taxation contained in Art. v. of the constitution, but as a Court they decided nothing upon this point. The essay of Judge Pearson has been generally accepted as a true construction of the constitution. His position, that there is only one exception to the limitation, is strengthened by the fact that sect. 4. was introduced by Judge Tourgee, adopted on 2nd reading after Genl. Abbot, the Chairman of the Finance Committee in the Convention, had made a speech to show that 40 cents on the $100, or 2 5 of one per cent, would be fully sufficient to pay the interest on the public debt, and the ordinary expenses. The first part of the fifth section was in the report as it came from the Committee, and therefore intended by them and the convention to be limited by sect. 1. and the balance of the section was added on the 3rd reading as an additional restriction upon the increase of the public debt. So that I will not stop to further discuss the unconstitutionality of these bonds, but only say that the General Assembly had no right to exceed the limitation contained in the constitution. As to this bill being the entering wedge of repudiation, it has been well said that the Radical party of this State was born with repudiation written on its forehead, as it owes its success to the retrospective Homestead, and the entering wedge of public repudiation was driven at the last session, in the reckless and extravagant increase of the public debt.

This bill provides for the payment of the amount actually received by the State for the bonds, when it is established there was no fraud in the transaction, and it was a bona fide sale. Even if that section is stricken out it leaves the question open for future settlement. I myself have been willing to say to the honest purchaser, and I think the people would have endorsed it, but for the unfortunate developements, since this Legislature met, "our agents exceeded the instructions given them. We cannot pay their contracts, and am willing to return your money—or if you prefer it, give you the notes that were taken by them in exchange for ours, or the stock which they purchased with the money received from you." This I have advocated this session in reference to the Chatham bonds, and I believe that such a policy would secure the return of a large amount of these bonds to our Treasury. We will have to borrow again and I do not think it right or proper, to refuse to return the money received on the transaction, and am willing to give stock in the various Rail Roads when we cannot do this. But would it not be dishonest on the part of the State, to insist upon paying for stock in a company, when individuals paid par value, with worthless bonds? Ought not the acts to be repealed for this reason? If we take stock in any corporation, let us pay for it with the bonds of the corporation which we hold, as in the case of the Wilmington Charlotte & Rutherford Rail Road. As to the interest already collected on these bonds, our constitution says, "every act of the General Assembly laying a tax shall state the special object to which it is to be applied, and it shall be applied to no other purpose." As we raised this money for the payment of interest, I proposed to apply it, towards extinguishing the principal of these debts, whenever parties would receive back the sums they paid and surrender the bonds. But from the substitute which has been offered, I see it is proposed to turn this money into the Treasury, for a general fund and credit it on the tax lists for this year, and leave all other questions for future arrangements. There seems to be an absolute necessity for this or to stop our charitable institutions. There are many meritorious claimants for this money. Those men who on the faith of the seal of the State and the name of the Governor and Treasurer, purchased these bonds; those contractors and laborers on the Western N. C. Road who have not been paid for their work, and have waited day after day and week after week and have been cruelly deceived and swindled; and I am sorry to say that all the money received from the sale of the Wilmington and Weldon and Manchester Rail Road, belonging to the Educational Fund, and more than half of the proceeds of the land scrip belonging to the Agricultural College of the University, have been recklessly invested in these worthless bonds. Gentlemen of the radical party, the people will hold you to a fearful responsibility for this whole matter. You invited no aid or cooperation in inaugurating your Government in this State. In the address delivered by the Governor on that occasion he said, "This constitution, fellow citizens, must be administered by its friends and supporters. The people have so decided. The interests it guards are too precious to be committed to any extent to unfriendly hands. Every office and every employment under the State, from the most inferior to the most exalted, must be filled by the friends of reconstruction and of the new State constitution. So far as the Executive is concerned this purpose will be indelibly maintained, not only from a sense of propriety and justice, but as indispensable to a full and fair trial of the principles contained in the constitution. These principles are dear to the friends of liberty and of the Government of the United States; and no opportunity should be afforded to those who are opposed to them, to occupy official positions or to have employment, in which they would be tempted, as they certainly are disposed, to pervert distort or misapply them. The friends of the Government must conduct the Government in all its departments." Judge Reade on the same occasion spoke as follows: "Fellow citizens;—there are three departments of your government, Legislative, Executive and Judicial. The legislative is represented by the large body of intelligent gentlemen who are seated in your midst. They will speak to you in wholesome legislation. The Executive is represented by Gov. Holden. He has just spoken his inaugural. The Judicial is represented by the learned Judges who sit near me. Will you hear a word from them? They do not speak in the interest of party but the interest of the government. It is much to be desired at any time that all the departments of the government should be in accord. It is indispensable that they should be so now, &c." On the same occasion the Lieut. Governor said, "Friends, fellow citizens, North Carolinians, Americans; you have to day been edified, instructed and delighted, by eloquent addresses from the Executive and Judicial Departments of North Carolina. The hearts of all true patriots have been cheered up and made to rejoice with "joy unspeakable" by the utterances which have fallen from the lips of the distinguished representatives of those co-ordain to branches of our State government. It is deemed meet and proper that the Legislative department shall not be silent on this interesting occasion. Desiring, my friends, not to mar the harmony and beauty of what has been said with so much fitness by the eloquent gentlemen who have preceded me, I shall contest myself by simply notifying this vast concourse of patriotic citizens that the Legislative department of North Carolina is in full accord with the other branches of the State government; that it approves and endorses every word uttered and every sentiment conceived in behalf of the constitution and laws of our common country, and I feel fully warranted in declaring that the General Assembly of North Carolina is filled with the enthusiasm and spirit which pervades this happy and well pleased people * * * oh happy day! fortunate people!"

Elected sometime afterwards from a county where the people did not appreciate their happiness and the blessings to be derived from their new government; my credentials were referred to a committee and though after an examination, I was admitted, I have always been regarded as an "unfriendly hand." Still my advice has been freely offered, though listened to impatiently. I predicted a failure when you set out on your grand march last winter. But forward you went regardless of obstacles.—You carried your balls; you issued your bonds; you reached Moscow; but you have seen it turn to ashes in your possession. No wonder that in the extremity of madness and rashness you said, the orders have been given, "We must go on. We cannot recede." Let us push through to St. Petersburg. We will hold on for four years. Hearing the distant mutterings of the Cossacks and learning the dangers of the route, you referred the matter to a council of war. Your old leaders who gave an opinion, decided it would never do to make the attempt. No hing remained but an inglorious retreat. Wavering and indecision began to be apparent in your ranks. Slowly at first you began the painful march. Far from the scene of action has fled the Napoleon, who planned your campaign.—Step by step you have fallen back. I thought from his well known courage and tried valor, that the Senator from Johnston would become your Marshall Ney. But he is now in full and rapid retreat. Not more chilling were the snows of Russia than the scorn and contempt of a ruined people.—Forward towards your starting point you must go. The Cossacks are still thundering on your rear. The Senator from Surry assisted by the Senators from Halifax and New Hanover are covering your retreat.—And the Senator from Surry is well entitled to exclaim, as you pass over this bridge "I am the Rear Guard of the grand army." Back you must go or your annihilation is inevitable. You may reorganize after you reach your starting point, and call in the "old guard" but a Waterloo defeat awaits you in August. If the Governor shall insist upon your standing up to his last message, I am afraid that to his call, "Where, oh where, are the friendly hands?" the melancholy response would come "Bye and bye we hope for to meet you, away over in the promised land," "there is great hope for us in the *future*," not much at present. You may vote down this bill, but if you do you only make your own destruction sure.

PHALON'S
"VITALIA;"
OR,
Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

THE SENTINEL.

CITY AND STATE ITEMS.

TUESDAY, FEBRUARY 22, 1870.

☞ TREO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

We call attention to the speech of Maj Graham, of Orange, on his bill repealing the appropriation acts of last session, published in the SENTINEL to-day. It gives a comprehensive view of the financial problem of our State Government, and our financial condition past and prospective.—It will repay perusal, and ought to be preserved for future reference, especially during next Summer's campaign.

The length of the speech crowds out almost everything else from our available space, but we thought it better to give it entire in one issue, than to divide it, even to the displacement of other articles we would have liked to insert to day.

THE CONFERENCE of the A. M. E. Church has been in session in this city for several days. We expected to give a synopsis of the proceedings from day to day, but no report was furnished.

On yesterday, Newbern was selected as the place for holding the next annual Conference.

The following licentiates wer etaken into full connection, B. W. Morris, Josiah Calicut, Henry Tucker, Wm. McLaurin, Emanuel Williams, Anthony Brower, James Payne, Arthur Staten, James M. Erwin and Joseph Wingate, who received an impressive exhortation on the duties of ministers by the Bishop.

The Grand Sanhedrim, *alias* the State Republican Executive Committee will meet in this city to day. It is not yet apparent whether the head will kick off the tail, or the tale will drive away the head. There will, no doubt, be a slight disintegration, if there be anything in the signs of the times.

THE NEW RING.—We intended to pay our respects to the new "Ring," organized for the purpose, as we verily believe, simply to throw fat jobs into the hands of certain parties, to the utter oppression of the tax payers of the city, but the length of Mr. Graham's speech made it necessary to postpone it until to morrow, when we shall, in the discharge of an imperative public duty, give our city Commissioners "a piece of our mind" on the subject. And we shall handle it without gloves, when we begin.

MORE DEMORALIZATION.—Old Harry seems to be getting possession of the people's "servants," sent up to the Capital to make laws for them.

On Saturday, Harris, of Wake, and Hayes, of Halifax, both colored, had a "bitter debate," during which the compliments of "liar" and "scoundrel," were exchanged pretty freely. On Saturday night an officer of one branch of the General Assembly staggered on the "trail of a dear," and dislocated the skirt. A prominent Senator, "in cups," made an effort to get up a melee. A Princely member of the House had to be taken to a carriage "by slight of hand."—Another prominent member, with extraneuricus propensities, fell, while on his way home from Wyman's exhibition, bruising a curb-stone badly. One member tried to borrow money to go the show, but after trying several brother members and failing, he "cussed" the administration and the Treasurer and every body connected with the concern.

A pious debater of the House laid himself liable to the penalty of an existing law, by going into the street considerably *disguised*.

Altogether they are becoming a most demoralize set.

SUPREME COURT.

PLOWS.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked 47.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. 4, 6, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. d1m

ORGAN GRINDER WANTED.

The party who manage the Grand exhibition of ground-and-lofty-tumblers, performers on the wires and professors of "slight of hand," at the Capitol, are sadly in want of a skillful performer on the "Organ."

N Paige & Co., as grinders of the organ, insulted the wives, daughters, mothers and sisters of its patrons by playing obscene music, shocking to civilization and humanity, and the result was that many quit the show and talked of "tar and feathers," for the performers.

J. B. Neathery & Co., succeeded, but they soon ground out, and Pike took hold of the handle. Col. Marc. Erwin was engaged to assist him, but Pike put the Colonel at the wrong end of the instrument, which made it so left-handed to him that he played a tune or two, sadly "out of tune," and then quit. Pike has, also, been playing so out of tune, by abusing the "hands," that they are determined to employ another artist. The question is, who is the coming man? This question is also complicated with another, namely, what organ shall be played on?

These questions exercise the Governor and the State Republican Executive Committee, considerably, and is likely to produce discord in the choir at the rehearsal to-day.

Dr. Yates has been spoken of as the new organist, but he has an instrument of his own, on which he plays all kinds of political tunes, comic, sentimental, religious, operatic, Democratic, Radical, Conservative—in short, any sort to please the audience.—So, it is likely *he* won't come. Victor don't seem disposed to turn loose the "Code" to grind for the show; Haynes has been, or will be offered the place, but the "call" will have to be loud to get him to make up his mind. Nichols & Gorman have been winked at, but we don't think they can be induced to "take the wink."

O who'll to o the "organ" and put it in tune?
The case is shattered; pray let a hu w soon;
Some are all posted announcing the show,
But unless we have music the people won't "go."
We've tried Page and Neathery, Erwin and Pike,
And we don't want to try any more of the like.
But a reminder that knows how the thing operates,
A man mild and moderate—something like Yates.
O, who'll take the "organ" and put it in tune,
A grinder we *must* have, and must have him soon.

We shouldn't be surprised if R.v. Walker gets the place at last.

Messrs. Moore of Chowan and French opposed the motion.

The yeas and nays were called and the motion was adopted by a vote of yeas 53 nays 29.

The question recurred upon Mr. French's motion that the minority report of the Judiciary Committee, recommending that the bill do pass, be not accepted.

Harris of Wake, col. moved to postpone the matter until Wednesday next.

Mr. Vest favored the motion to postpone.

Mr. Jarvis hoped the House would vote down all motions to postpone and pass the bill at once.

Messrs. French, Moore, of Chowan, and Ingram favored postponement.

After some debate, the motion to postpone was rejected by a vote of yeas 33, nays 42.

The question recurred upon Mr. French's motion, which was rejected by a vote of yeas 27, nays 46.

Mr. Jarvis said that the effect of this vote was to accept the minority report. He had no disposition to cut off debate, and if gentlemen had amendments, they had better send them to the clerk's desk; at half-past 1 o'clock, he would move the previous question.

The question recurred upon an amendment offered by Mr. Malone; lost by a vote of yeas 35 nays 43.

Harris of Wake, moved to postpone until Wednesday half past 12 o'clock; rejected by a vote of yeas 33 nays 49.

Harris of Wake, col., moved to adjourn. Lost.

The same moved a postponement of the matter under consideration for ten minutes. Lost.

The question recurred successively upon several amendments offered by Mr. Moore of Chowan, all which were voted down.

Mr. Vest offered an amendment excepting the Northwestern N. C. R. R. from the provisions of the bill. Lost.

The numberless amendments offered to the bill being voted down, the question recurred upon Mr. Malone's substitute, (published before.)

The yeas and nays being called, the substitute was rejected by a vote of yeas 34 nays 41.

Mr. French offered a lengthy substitute, which was put to a vote was rejected, yeas 33 nays 46.

The question then recurred upon the bill on its second readings.

The yeas and nays were called and the following ballot resulted:

YEAS.—Messrs. Argo, Armstrong, Ashworth, Banner, Barnes, Blair, Boddie, Carey, Cawthorn, Crawford, Ellis, Farrow, Gatling, Gibson, Green, Grier, Gunter, Hawkins, Hendricks, Hicks, High, Hinnant, Hodnett, Hoffman, Horney, Humphries, Hudgings, Jarvis, Kelly, of Davie, Leary, Long, of Chatham, Mayo, McCanless, Mendenhall, Moore, of Alamance, Pearson, Rentrow, Robinson, Reynolds, Shaver, Smith, of Alleghany, Smith, of Martin, Smith, of Wayne, Snipes, Stanton, Sweat, Strudwick, Thompson, Wilkie, Williams, of Harnett—yeas 54.

NAYS.—Messrs. Candler, Carson, Clayton, Eagles, Forkner, Franklin, Franch, Gahagan, Gilbert, Hayes, Hodgin, Ingram, Justus, of Henderson, Ladin, Malone, Moring, Moore, of Chowan, Morrill, Morris, Painter, Price, Ragland, Siegrist, Simonds, Stilley, Sykes, Vestal, Vest, Welch, White, Williamson, Wilson—nays 30.

On motion the House adjourned.

NOTE.—Mr. Welch said that he was as anxious as any member upon the floor to relieve the people of the State, from the onerous debt which now rests upon them; but believing that the passage of this bill would bankrupt the contractors on the Western Division of the N. C. R. R., as well as many farmers who have furnished supplies to these contractors upon the faith of the acts passed by this General Assembly at its last session, I am obliged to vote No!

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, *is perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astra." Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

Catch the Thief! $20 Reward.

ON THE NIGHT OF FEB. 1st, I HAD A Mare stolen from my stable in Chatham county, on Thursday, 3rd; the mare was sold to Mr. Wm. Egerton, in Goldsboro, by a man who, from the description, and from other circumstances, I believe to be Baxter Hobby, who has absconded. I will give the above reward of twenty dollars for the apprehension of the said Baxter Hobby, so as to bring him before the proper legal authority.

Hobby is about 22 years old light complexion, no whiskers, almost yellow hair, about 5 feet 10 inches high, and weighs about 145.

IN MEMORIAM.

BAXT EURART, son of General R. F. and Lillie Hoke, of North Carolina, died February 3d, 1870, at Lynchburg, Va.

A little life—a sleight span,
Made up of golden hours,
Was all of h m; he ope'd his eyes,
And c sed them, like the flowers.

Little pilgrim—who with feet unsandaled,
So lately entered life's uncertain way;
Whose timid eyes cut glanced into the darkness,
And then withdrew their soft unshadowed ray.
What hopes, alas! have hung upon thy coming;
What disappointments grieve the fond hearts bowed.
To see thee thus—a little pulseless body,
Straightened already for the burial shroud.
Brief was thy journey—brief the joy material,
Of her who gave thee thy first welcome kiss,
Ah! God but lent thee from His world of angels,
To light on theme the weary paths of this.
Wise wert thou baby—we alone are blinded,
Who strain our vision gazing after thee;
Sheltered and safe *thy* little barque, while ours
Are drifting still on Life's uncertain sea.

The Georgia Mutual

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual Insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of interest in the South than North or East, the profitability is almost certain; that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

Gen'l. S. B. BUCKNER, Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES P. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may pass and repass the Atlantic Ocean by the usual passenger routes to and travel unfreezable within, any portion of Europe.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16

JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861 it issued only 580 policies, received an income of seventy-eight thousand dollars, and possessed nett assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,837 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
